Do you know this feeling?

It stopped working!
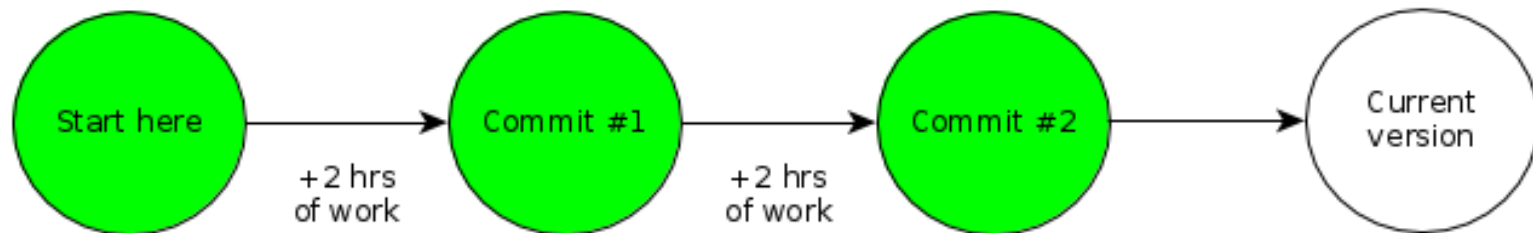

What did I change?

# Do you know this feeling?

Noooo!

I didn't just delete that!!

# Do you know this feeling?

Which document
is the newest?

Version control – just me
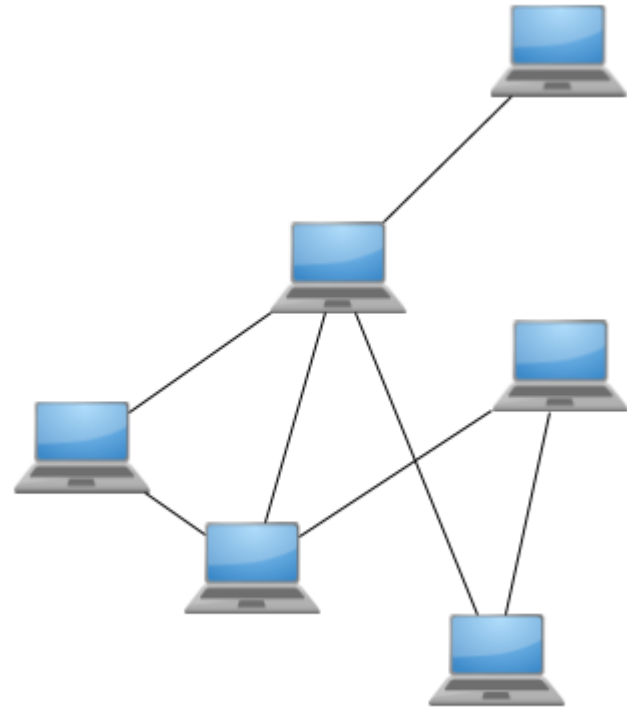

Version control – with friends

Old way vs. new way

vs.

Centralized   Distributed

github and git

Github

- a website that uses git
- www.github.com

Git

- a program
- does version control

Git

online or local only

version control text

github

- a collaboration platform

version control
issue tracking
simple project management
(milestones/tasks/etc)
static websites
online editing
wiki
team management

github
- please note

On github:

public stuff is free
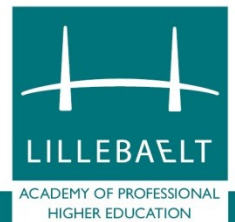

private stuff is paid

github
- use cases

Collaborate on
projects with software

Use GPL, MIT or similar licenses
to avoid copyright issues.

github
- use cases

Put stuff "in the cloud" (publicly)

- easy acces by you
- easy acces by others
- nudges you to make it nicer

github
- use cases

See this?

Develop and share (modern) teaching materials

They all include web ressources anyway...

Share links, not PDFs
